First iteration: This was the first wireframe we created with simpler colors and layout to help with the user experience.

Key insights:
- Realized the purple didn't quite match brand
- The navigation didn't look right
- Different font

Decisions:
- Keep layout as the main quiz page
- Keep nav style
- Keep background img

**Second iteration:** This was a higher end wireframe with more details and options for the user. Additionally

Key insights:
- May be too complex to execute
- Colors work well
- Font works very well
- Do a sign up?

Decisions:
- Keep fonts+ colors
- No log in option
